### The Original

# Sandgrabber

- Tested and Proven in the USA to STOP Beach Umbrellas from blowing away in Winds of 50 KPH.
- Ends the struggle of inserting your beach umbrella or fishing rod into the sand!
- Without the SandGrabber, wind gusts could turn a harmless beach umbrella into a potentially “deadly unguided missile!”
- For a one time relatively small outlay this product is your best insurance against turning an otherwise perfect family beach outing into a possible nightmare.
- This is a SAFETY device that will give you total peace of mind.
